

RET HAWAII PROGRAM

Middle School Application

Research Experiences for Teachers (RET) Hawaii is a teacher-driven initiative for advancing science and technology in Hawaii middle schools by enabling teachers access to multiple resources that can enhance instructional content skills and increase student interest in science, technology, engineering and mathematics (STEM). We invite applications from Hawaii middle school teachers that are able to commit to participating for a minimum of 3 years. Your participation includes utilizing program modules, participating in workshops and supplying the program with valuable feedback.

Hawaii Center for Advanced Communications
University of Hawaii . College of Engineering
1680 East-West Rd., POST 201
Honolulu, HI 96822
(808) 956-9687 . Fax: (808) 956-5746

Please fill out the following form and return to RET Hawaii. Teachers may apply individually or as a "team".
